

# AQUA PLAY™

WHITEWATER®  
Waterparks

Discover the ORIGINAL multi-level interactive play structure designed to ignite imaginations and create endless adventures for kids of all ages. Our play structures go beyond being themed waterside towers. They are sophisticated, specially designed play structures that engage children of all ages for hours. AquaPlay™ is a dynamic, colourful and visually impressive waterpark centerpiece that is always in motion. AquaPlay™ is a waterpark must-have, providing variety and catering to a wide demographic.

**Truly ORIGINAL** AquaPlay™ has been keeping families cool since 1985. As the inventor of interactive water play, the holder of 23 AquaPlay™ patents and recipient of numerous prestigious industry awards such as the IAAPA Best Waterpark Attraction and Industry Leader Awards, WhiteWater is the expert in creating experiences that stimulate imaginations and entertain the whole family.

**Production Perfection** The unique AngleForm™ design, single water supply line, and premium coating system with corrosion resistance creates a structure that is safe, durable and easy to maintain. The specially designed bubble-free paint process ensures surfaces are smooth and remains shiny for years. Our tried and tested in-house manufacturing process ensures high quality production.

**Absorb Capacity** Increase your capacity without increasing land use. AquaPlay™ multi-level structures allow hundreds of guest to join in on the fun at one time. No long line-ups increase the entertainment value and overall guest satisfaction.

# World's Highest Level of Waterpark Interactivity

Peacock Arching Jets

## INTERACTIVES

*Infuse your water with fun!*

AquaPlay™ is filled with interactive water elements that encourage hands-on exploration. Each element, whether it be a spray nozzle, water gun or dumping trough, leads to a collaborative and participative adventure. Hundreds of water elements give participants a myriad of possibilities to experience. Conquer the net climb, plummet down the twisting waterslides, and make a splash.

## LARGE STRUCTURES

### A waterpark centerpiece!

With hundreds of interactive elements, the AquaPlay RainFortress™ is a paradise to behold. This impressive structure offers non-stop family entertainment in a delightfully playful setting and evokes hours of water play and fun! AquaPlay's Giant RainFortress™ generates spectator appeal by its mass presence and multitude of activities.

"When we decided to expand with the new AquaPlay RainFortress™, we chose WhiteWater to conceptually design and manufacture Wild West Water Works because we knew their team would bring our ideas to life."

- Stephen Ball  
General Manager  
Frontier City, Oklahoma City, Oklahoma

# SMALL STRUCTURES

**Small footprint, maximum interactivity!**  
 A reduced footprint AquaPlay™ structure is perfect for smaller aquatic facilities or areas catering to younger children. AquaPlay™ is an active and colourful water play structure that provides the experience of a stand-alone waterpark all on its own. Hours of fun and loads of spray elements guarantee high total value for the entertainment dollar.
