

AQUA COURSE™

WHITEWATER®
Waterparks

Bumper Cross Walk

AN ORIGINAL WHITEWATER INNOVATION

Alabama Splash Adventure Waterpark, Bessemer, Alabama

A true WhiteWater invention, AquaCourse™ is a harnessed multi-level play experience that allows each member of the family to choose their own level of adventure. It is the only play structure in the industry that integrates water into an exhilarating water-based Ropes Course, where guests traverse towers and bridges while safely harnessed in. Combining the successful Ropes Course with the interactivity of the world-renowned AquaPlay™ structure, AquaCourse™ delivers high challenge activities in a water-filled environment.

The patented closed track harness safety system offers a new experience to the industry. AquaCourse™ is the first harnessed interactive attraction that integrates water, interactive elements and high challenge Ropes Course activities.

Theming

Front Cover: Alabama Splash Adventure Waterpark, Bessemer, Alabama

"We were looking for an attraction that was unique. Rather than just a ride we wanted a participative attraction with lots of interaction that would keep people occupied for a period of time."

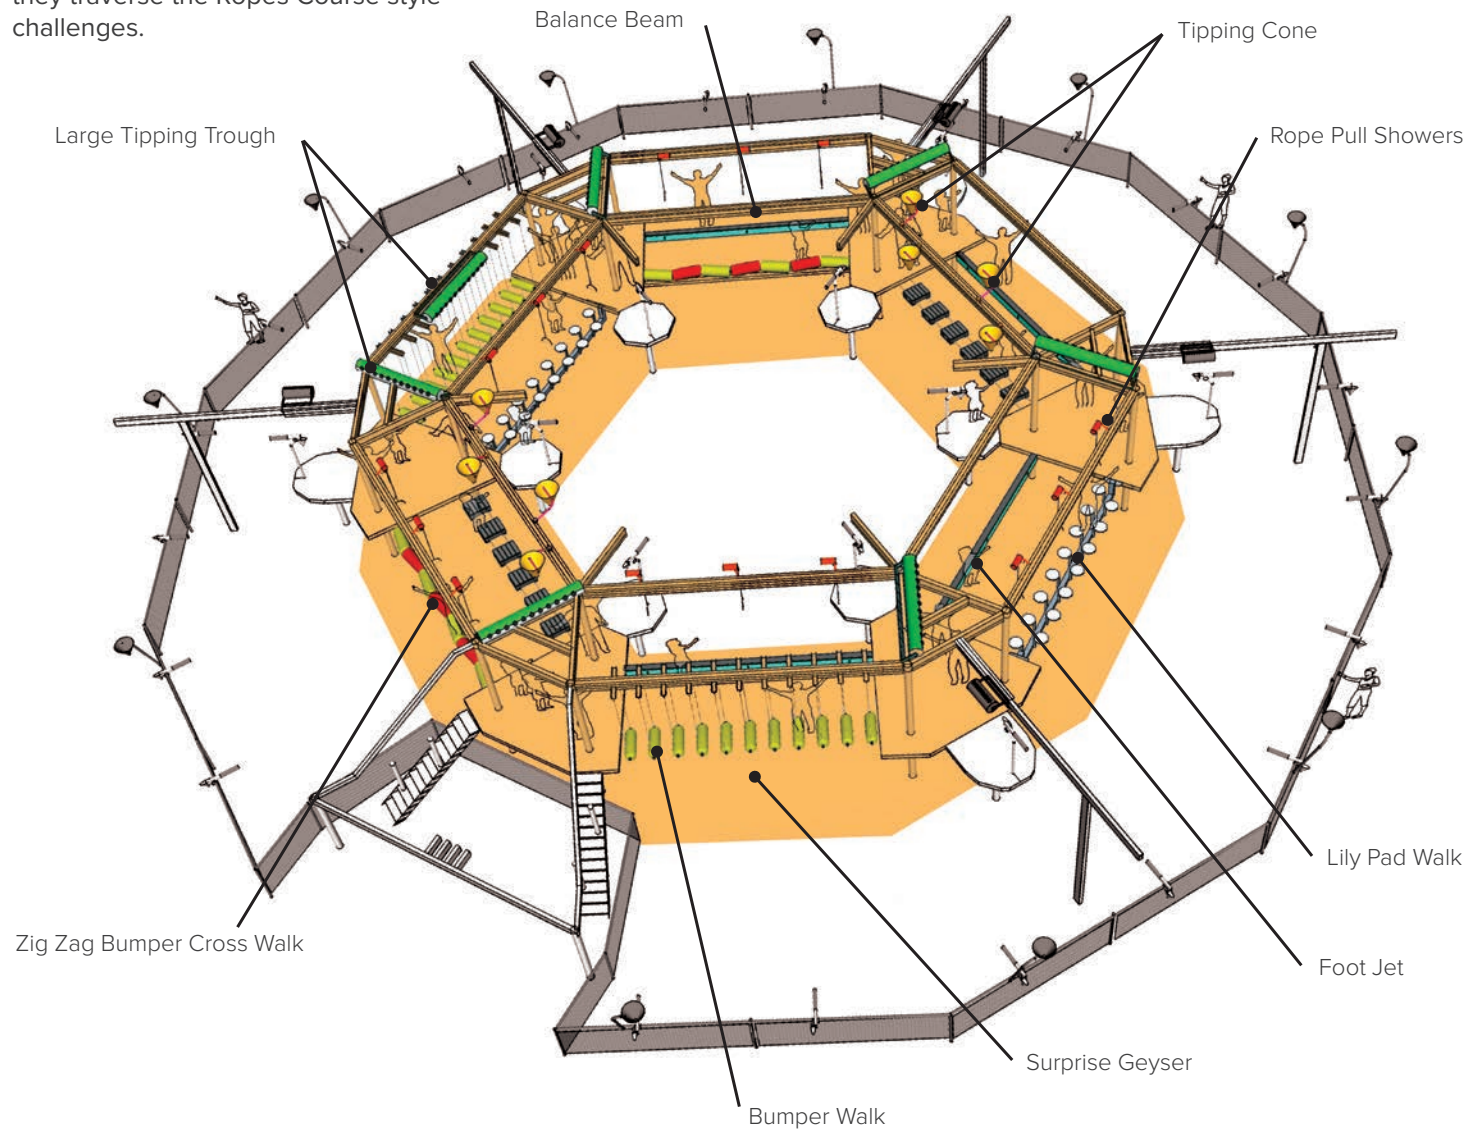

- Kent Lemasters
President of General Attractions
Alabama Splash Adventure Waterpark, Bessemer, Alabama

INTERACTIVE ZONES

AquaCourse™ is designed with different zones for varying levels of difficulty, thrill and water saturation.

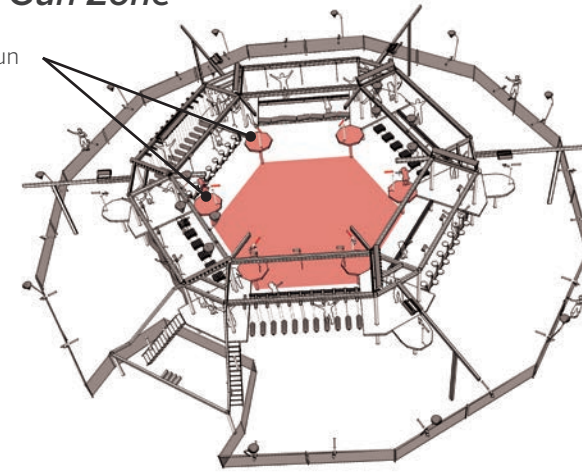

Soak Zone

Guests are soaked as automated and guest activated water elements dump, spray and splash in all directions as they traverse the Ropes Course style challenges.

Water Gun Zone

Water Gun

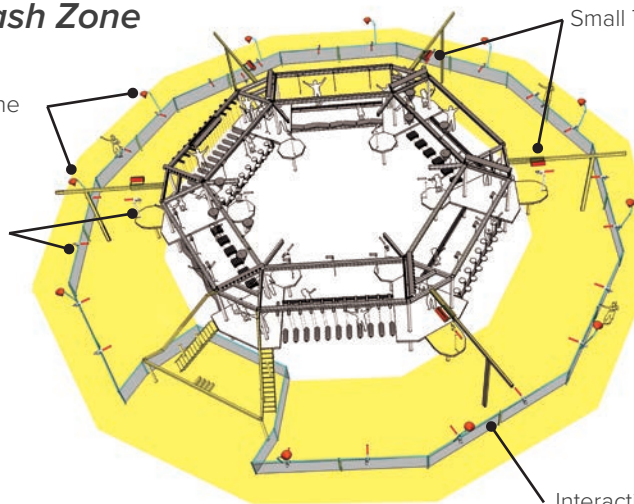

Ready, aim, fire! Spray and be sprayed in the exhilarating back and forth of the Water Gun Zone.

Splash Zone

Tipping Cone

Water Gun

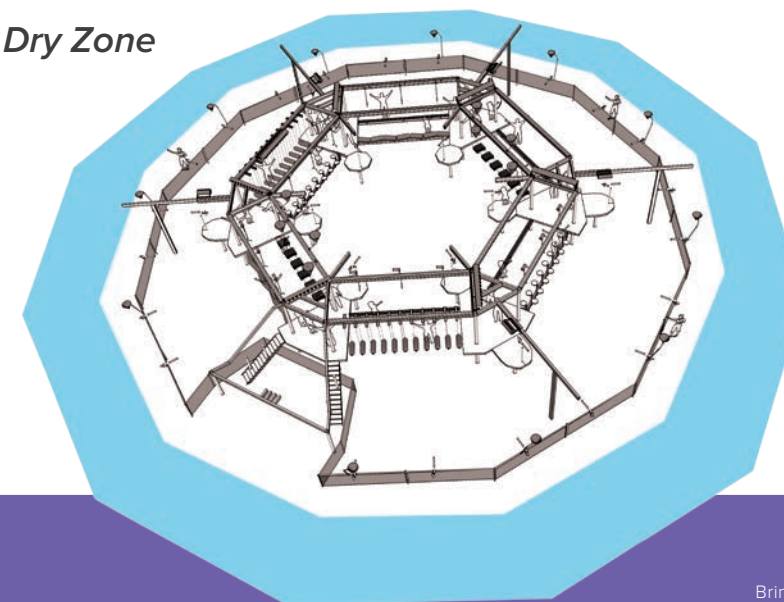

Small Tipping Trough

Interactive Hand Rail

The unique interactive queue has revolutionized interactive play creating just as much fun on the sidelines as for the people within the attraction.

Dry Zone

Step outside of the Splash Zone and keep dry while watching participants explore the AquaCourse™.

Delivering maximum guest value

Bring adventure sport to your park

Physical challenges combined with outrageously fun water effects

AquaCourse™ provides the opportunity for social groups to find the thrill factor together.

AQUACOURSE™ ELEMENTS

The new essential waterpark experience!

AquaCourse™ features water based interactive and physical challenge elements. The interactive elements allow participants to spray and splash each other by pulling ropes, pushing buttons, and stepping on unique foot activated water elements! Guests traverse dynamic challenge elements, encountering surprises along the way. With new advanced interactive elements, every action is followed by an exciting reaction!

Water Gun

Lily Pad Walk

Lily Pad Walk

Watch your step! New foot activated water features
