

E M O T I O N

MEDIA FACTORY

composing magic moments

EMF is a global operating Multi-Media attraction design & show production company

founded 1984

based in Bavaria / Germany

Our Vision

- to belong to the world's best creators for Multi-Media attractions and Multi-Media shows.

Our Mission

- to design and produce **must-see** attractions.

Values we share

- Open minds lead to creative solutions
- Spectacular storytelling fascinates and inspires
- We inspire, we immerse, we entertain
- Adaptability is key for multicultural understanding
- Sense for aesthetic art
- Simplicity achieved through Intelligence
- German precision is our excellence

Flying Theater „EMF is distributor and content producer“

Flying Theater available with 2D & 3D wide screen, or VR

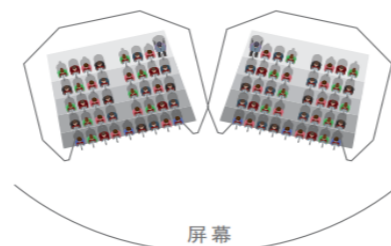

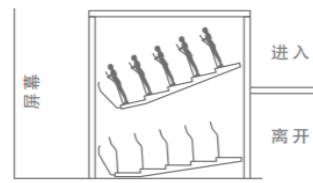

Emotion Board is a Flying theatre, fully suspended (hanging from steel cables) and moves in 6 Degrees of Freedom. Passengers are standing upright, leaning against a "Motion Grid". High quality special effects take the experience to the next level of immersion. The system is open for content display in 2D or 3D projection and VR - all work impressive with the simulator!
